26 CHRONICALLY HOMELESS TO BE HOUSED THIS WINTER

Anawim Housing's Housing Opportunities Program 2 (HOP2) has arrived just in time to house 26 chronically homeless individuals before the dangerous winter weather hits. The 26 program participants have been living unsheltered for a significant amount of time and will be moving into a Permanent Supportive Housing program. Once they are stably housed, they will receive the medical and psychiatric care and case management services they need. We are excited to welcome our newest HOP2 program participants to our already successful family of Permanent Supportive Housing programs administered through Anawim Housing.
